BHARAT AI

User Manual

(with Parichay integration)

Version 1.0
August 2026

1. Introduction

This manual explains the way to access the Bharat AI Grid portal by creating a new account, navigating the approval process, and signing in for the first time.

Follow the steps in order, referring to the screenshots provided for guidance.

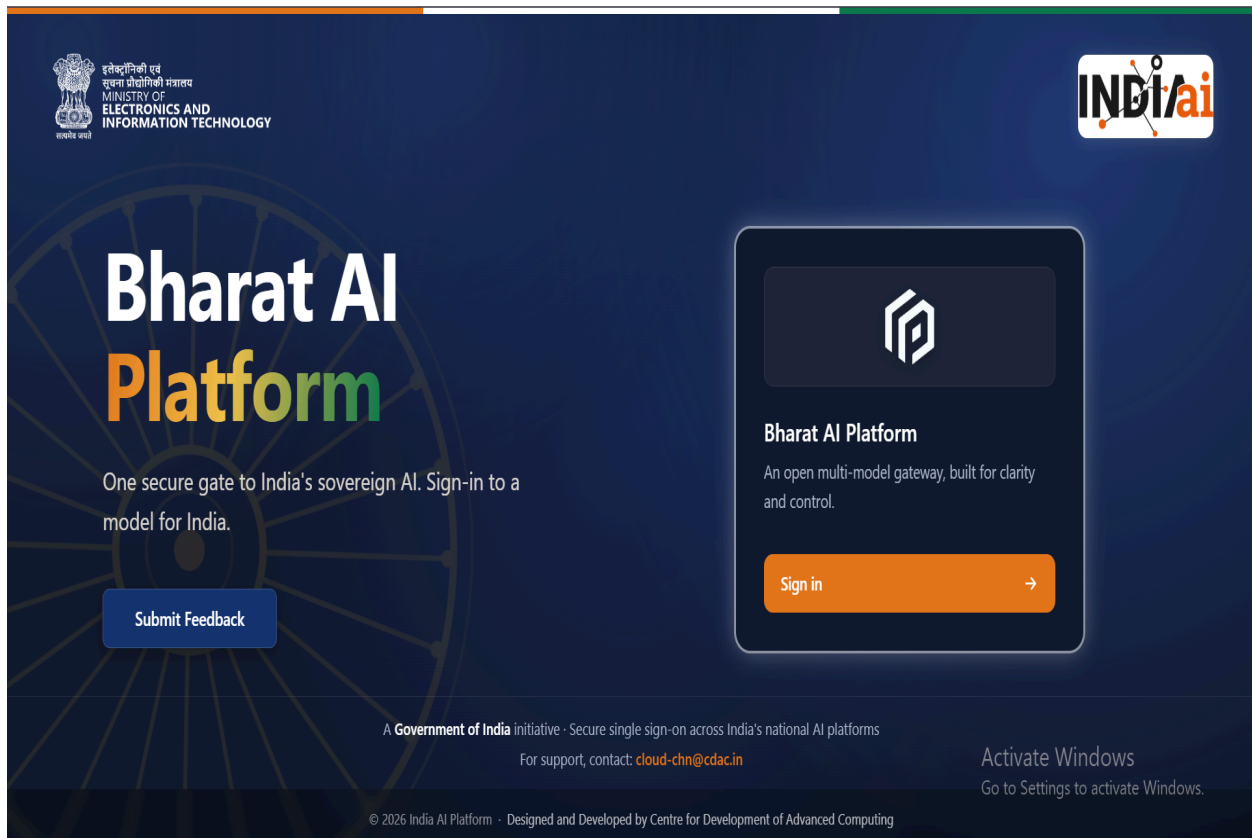

Note: Ensure you have a stable internet connection and a valid email address before you begin registration.

2. Creating your account

Step 1 : Visit the portal

Open your web browser and go to the following address: <https://bharatai.gov.in>

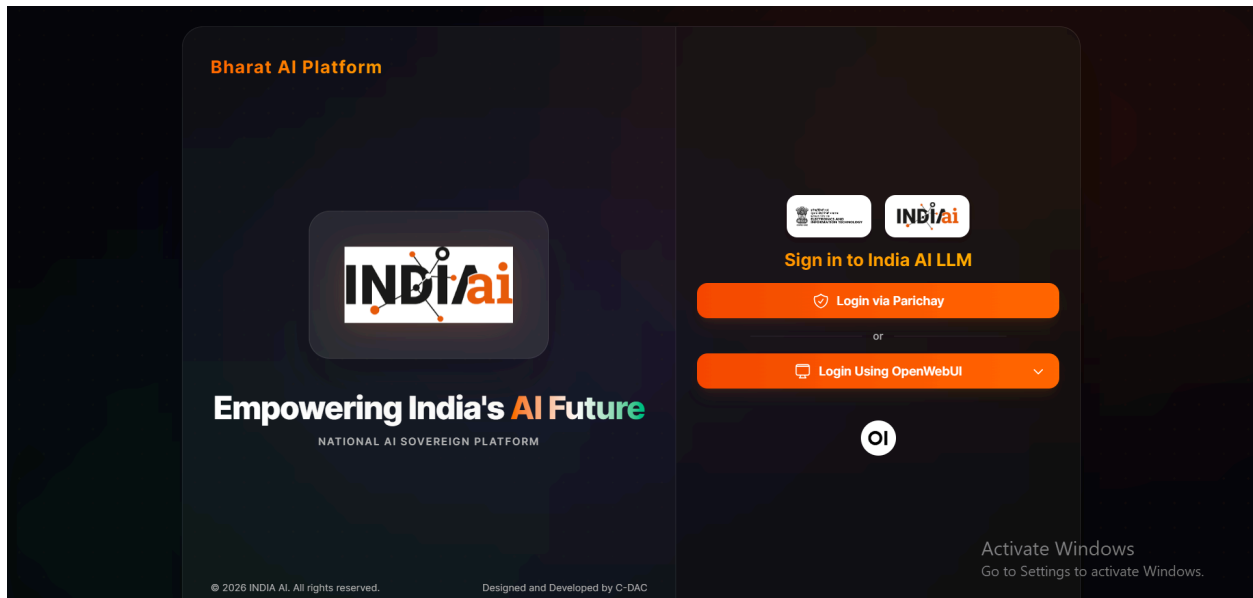

Click on the sign In button to visit the login page

Step 2 : Sign-up page

You will be redirected to the login page.

Option 1: Click **Login via Parichay** to sign in using your Parichay Single Sign-On credentials.

Enter your official email or mobile number, provide your password (or select passwordless authentication), check the consent box, and click **Next**.

After clicking **Next**, you will be automatically redirected to the Bharat AI dashboard page (as mentioned in Step 7).

Option 2: Click **Login Using OpenWebUI**, then select **Sign up** to create an account using your official email ID.

The screenshot shows the login interface of the Bharat AI Platform. On the left, the header reads "Bharat AI Platform" and the main text says "Empowering India's AI Future" with the subtitle "NATIONAL AI SOVEREIGN PLATFORM". The right panel is titled "Sign in to India AI LLM" and features a "Login Using OpenWebUI" button. Below this are input fields for "EMAIL" and "PASSWORD", followed by a "VERIFICATION" section with a captcha "L A G H 2 6" and a "Verify" button. A "Sign In" button is at the bottom of the form. A link "Don't have an account? Sign up" is provided. At the bottom right, there is a Windows logo and a message: "Activate Windows Go to Settings to activate Windows."

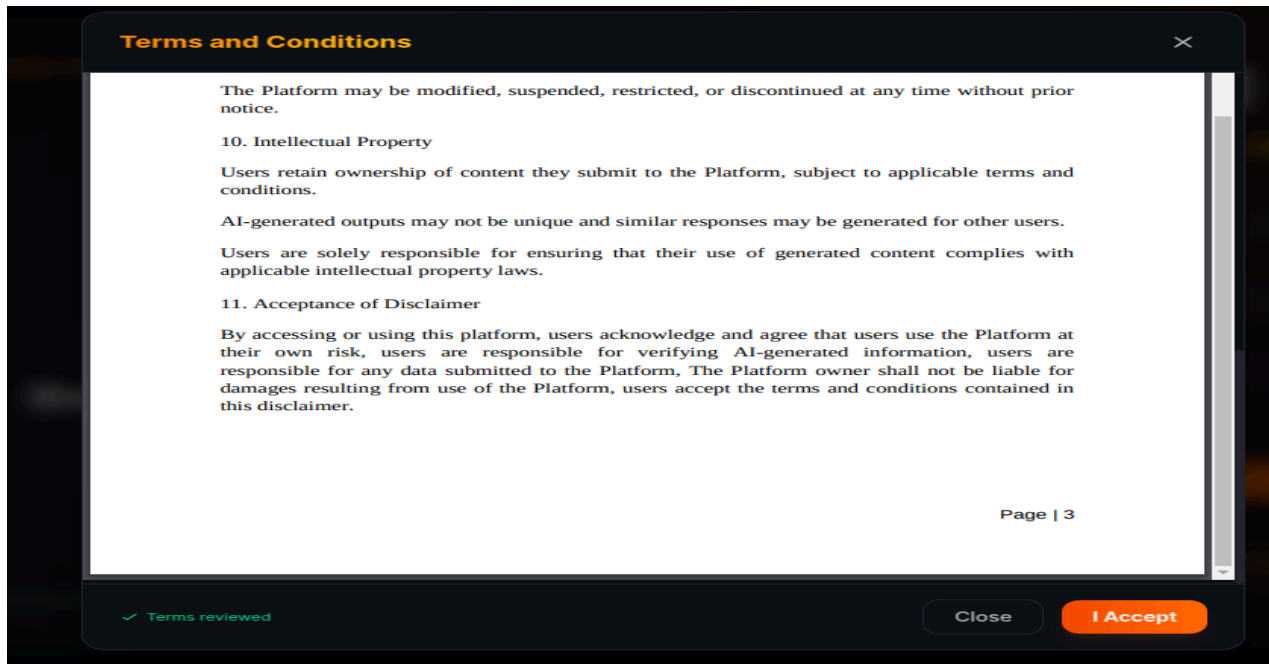

Step 3 : Enter your details

Fill in the registration form with your name, email address, and a secure password.

The screenshot shows the sign-up interface of the Bharat AI Platform. The left side is identical to the login page. The right panel is titled "Sign up to India AI LLM" and includes input fields for "NAME", "EMAIL", and "PASSWORD". Below the password field is a checkbox for "I agree to the Terms and Conditions" with a link to "Terms and Conditions". A "VERIFICATION" section contains a captcha "a k m p x r" and a "Verify" button. A "Create Account" button is at the bottom of the form. A link "Already have an account? Sign in" is provided. The Windows activation message is also present at the bottom right.

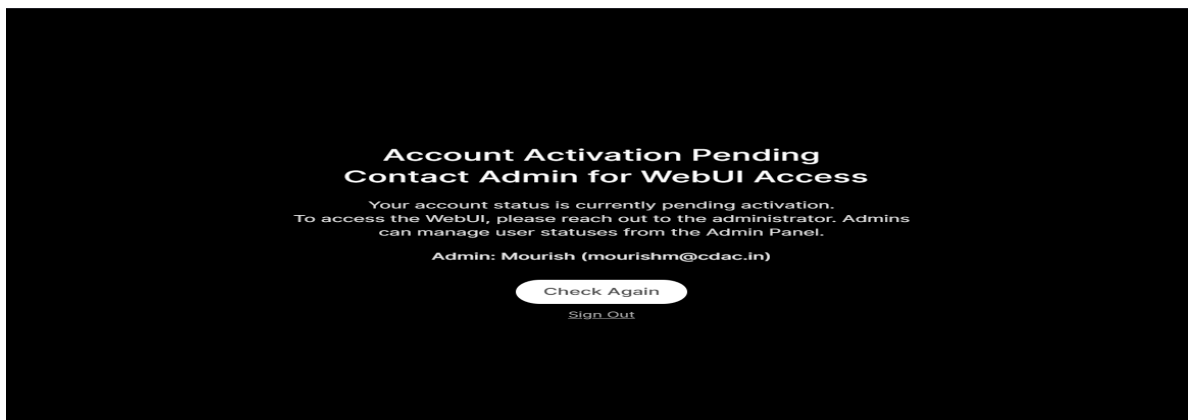

Step 4 : Accept the terms and conditions

Click on “Terms and Conditions,” scroll to the bottom of the document, select the checkbox to confirm your agreement, and click “Close.”

Step 5 : Submit your sign-up request

Click the “Sign Up” button. Your registration request will be sent to the administrator for approval. You will see a confirmation screen similar to the one below.

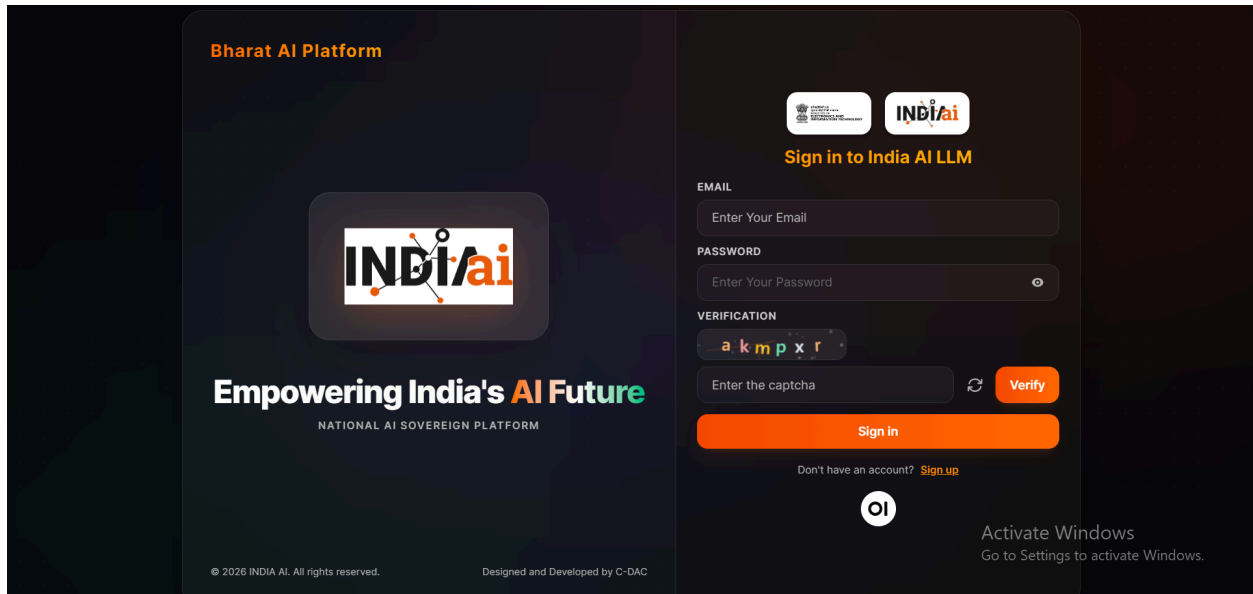

Note: Account approval is handled by the administrator. You will not be able to sign in until your request is approved.

3. Login after approval

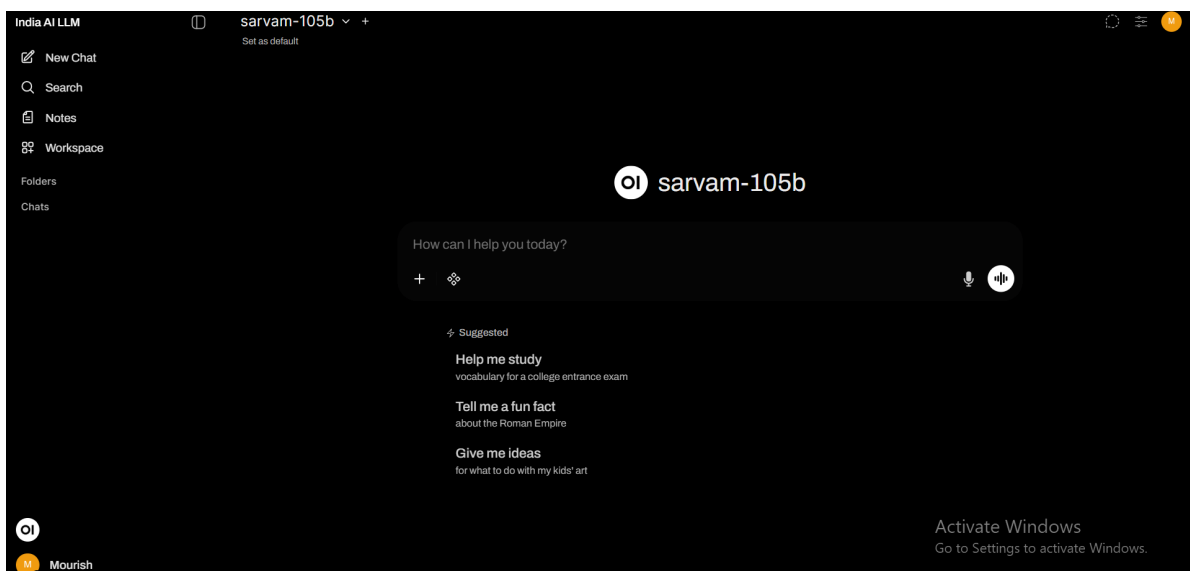

Step 6 : Login with your credentials

Once your account has been approved, return to the sign-in page and log in using the email address and password you have registered with.

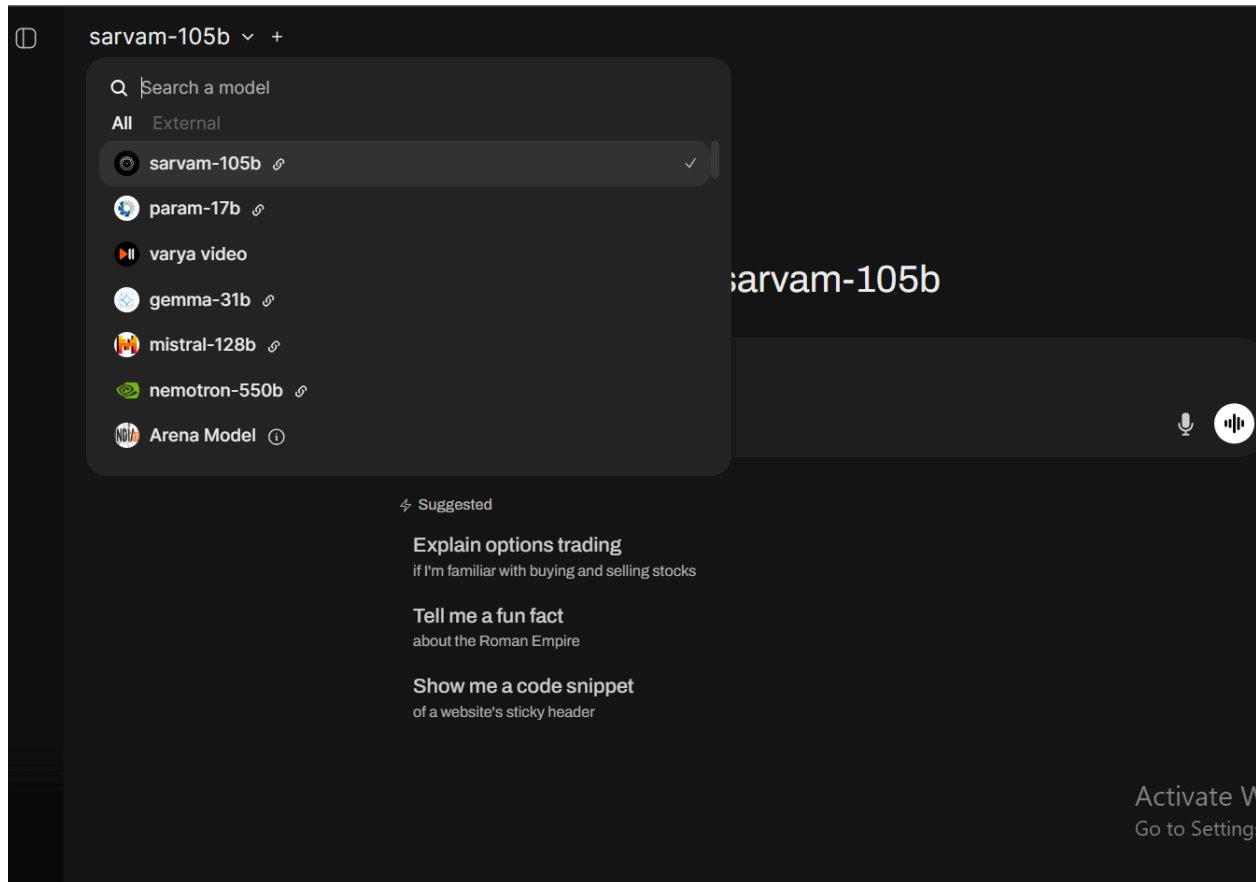

Step 7 : Access the platform page

After logging in successfully, you will be redirected to the Bharat AI Grid home page, where you can begin using the platform.

Step 8 : Model access

Click the Model Dropdown and Select the model name button at the top left (currently showing sarvam-105b).

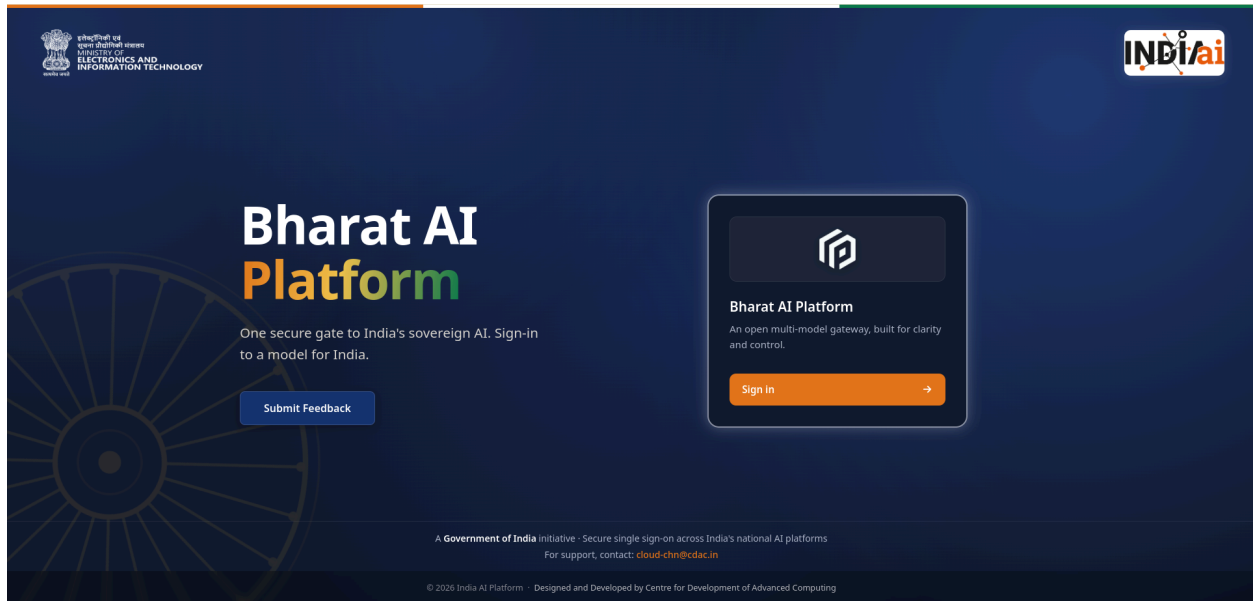

Choose a Model and Scroll through the dropdown list or use the search bar to find your desired model (e.g., *param-17b*, *gemma-31b*, *mistral-128b*).

Click on the model to activate it for your chat session.

Step 9 : Submit feedback

If you want to submit feedback click on submit feedback button on landing page

Click on submit feedback button then you will see this page fill your feedback with your register mail ID and submit.
